Club Flying Safety Officer

Russ Redmond is our new safety officer. Since he can't be at the field every day, he asks that members call him on 541-948-1092 with any safety concerns that arise.

Field Boundaries and Flying Safety

There is a continuing problem with flyers flying outside our field boundaries and flying too close to field workers and others. The property owner to the east of the field was very upset about this a few days ago.

The E-Board discussed this and other safety issues at length Tuesday and is considering how to discipline repeat offenders.
